General

Our skating rink can be built in various sizes from 90m² to 175m². The 90m² rink can also be covered with our stretch tent. For covering larger rinks we use external suppliers. The rink can also be set up at indoor locations.

Our wooden rink floor has a strong coat of varnish and is resistant to water. However, it is not possible to rollerskate on a wet rink. Be sure to take this into account when scheduling rinks that are not covered. On summer days, the rink floor does dry relatively quickly after a rain shower or thunderstorm.

Exploitation & opening hours

- There are various options for running the rink. We can provide our own staff to operate the rink, the organiser can provide his own staff or work with volunteers. In the case of the organiser's own staff or volunteers, we provide a briefing after set-up and hand over the keys
- The organiser is free to determine opening hours. Bear in mind that sufficient lighting must be provided if the rink is also used in at nighttime. It is possible that on colder summer evenings condensation will appear on the rink when the temperature reaches the dew point. When the rink is wet, it is no longer possible to rollerskate.

Safety & hygiene

- we apply a number of safety rules to keep rollerskating enjoyable for everyone. Enclosed with this sheet you will find the poster with rules that we provide with the track
- Socks in the skates are mandatory! In summer we often see people who want to skate but do not have socks with them. To avoid this as much as possible, it is advisable to mention this beforehand in the communication of the festival or event. #bringyoursocks
- We provide sufficient shoe spray to treat the roller skates after every use
- A first aid kit is provided with the rink.

Technical

Below are some examples of the most common sizes, set-ups and planning. Contact us for a layout adapted to the location of the festival or event.

90m² with stretch tent

- 20m x 18m open space
- max. 1.5% slope
- capacity: 25 rollerskaters, age 5+
- rental container with 70 pairs of roller skates from shoe size EU 28 to size EU 47
- build up and tear down with 3 of our own technicians + 1 technician/volunteer from the organisation
- in case of grass, we place 14 stakes (80 cm deep) to anchor the stretch tent
- in case of hard ground, 14 concrete blocks or water tanks of min. 600kg must be placed by the organisation
- 220v 16A to be provided by the organisation

VEILIGHEID

La Patinoire

SAFETY

Rolschaatsen gebeurt op eigen risico.
Onderstaand enkele richtlijnen om uw bezoek
in alle veiligheid te laten verlopen.
Met bijkomende vragen kan u terecht bij
onze medewerkers.

Go with the flow

Rolschaats altijd in dezelfde richting en stop niet plots.
Dance moves en tricks kunnen in het midden van de piste.
Kijk uit voor de andere rolschaatsers!

Valpartijen

Kan gebeuren. Trek je handen en vingers in voor je veiligheid
en probeer zo snel mogelijk terug recht te staan als je niet
geblesseerd bent. Bij blessure verwittig je de medewerkers
zodat we het nodige kunnen doen.

Tikspelletjes

Jammer maar helaas, deze zijn niet toegelaten.
Tikspelletjes verhogen het risico op valpartijen en kunnen
ook de andere gasten in gevaar brengen.

Geen toegang zonder rolschaatsen

Gasten zonder rolschaatsen blokkeren het verkeer op de
piste en kunnen aanrijdingen veroorzaken. Graag iedereen
op wielen!

Eigen rolschaatsen

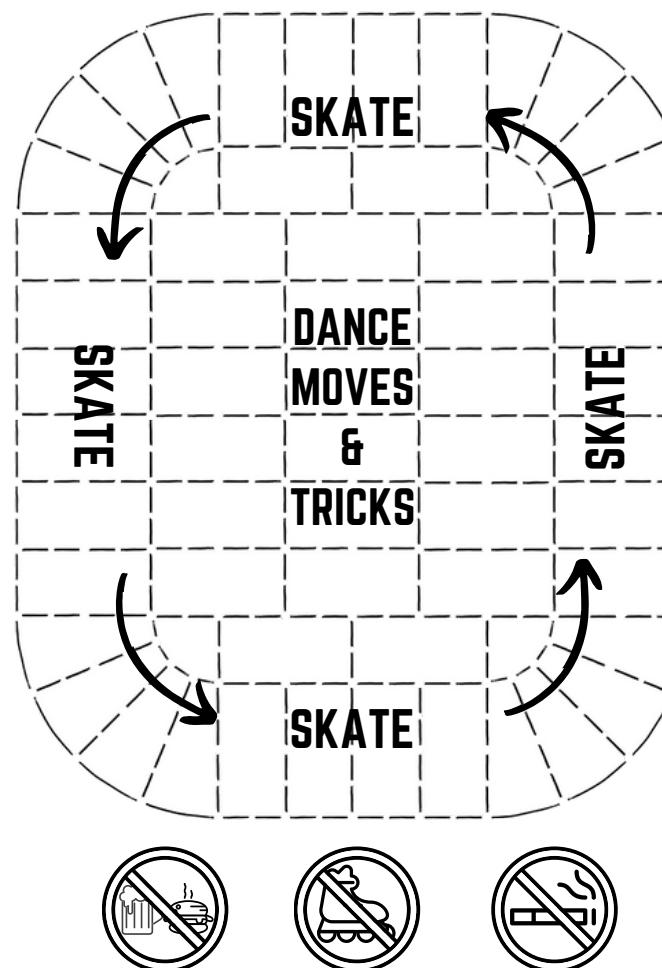

Onze rolschaatsen zijn ontworpen om onze houten vloer zo
min mogelijk te beschadigen. Eigen rolschaatsen kunnen na
goedkeuring van je rolschaatsen en op voorwaarde dat je
een ervaren rolschaatser bent.

Geen eten en drinken

Breng nooit eten of drinken op de piste. Een
natte vloer kan gevaarlijk zijn!

Have fun

Last but not least!

Roller skating takes place at your own risk.
Underneath you find some guidelines for a
safe visit. If you have any further questions
please ask our staff.

Go with the flow

Always skate in the same direction and don't make
sudden stops. Dance moves and tricks can be
practiced in the middle. Watch out for other skaters!

Falling

No big deal. Pull in your hands and fingers for
safety and try to get up as quickly as possible if
you are not injured. If you are injured, notify the
staff and we will do the necessary

Playing tag

Unfortunately not allowed. Tag games increase
the risk of falling and will also endanger the
other guest.

No access without roller skates

Guests without roller skates block the flow of
skaters and can cause collisions. We prefer to see
everyone on wheels!

Personal skates

Our rental skates are designed to damage our
wooden floor the least as possible. We only allow
personal skates after inspection and only for
experienced roller skaters.

No food or drinks

Never bring food or drinks onto the floor. If there is a
spill, it can create a slippery floor.

Have fun

Last but not least!
